

# Buster Collins

## Computer-Aided Designer

A slick Student at the University of Winchester.

I study Computer-Aided Design.

I am learning Revit, 3Ds Max, all things Adobe as well as how to be business savvy and a hard worker.

I also write on the side.

## Education

### University of Winchester

Currently Studying Computer Aided Design at the University of Winchester. I am learning teamwork, ergonomics as well as the softwares required.

### Languages

English, un poco Español, HTML5, CSS, and a little PHP.

### A-levels

English Literature, Biology and Physics.

### GCSEs

I.T, Triple Sciences, Maths, English, History, Religious Education & Sport.

### Other

S.T.E.M Gold Award in the First Year.  
A.M.A Coaching Course Diploma.  
A.M.A Sports First Aid Certificate.  
Deputy STaR at University

## Experience

### Sovereign Play Equipment

Sovereign is a playground equipment manufacturer. I was given tasks to plan the space on playgrounds where schools wanted equipment to go, using measurements given by the representatives.

I completed these tasks quicker than expected and was given free reign to design my room and bike with help from other Computer-Aided Designers. This was my first introduction to CAD that inspired my career path.

### University of Winchester

The University was able to find clients to complete projects for, giving me a good understanding of freelance work, as well as working in a team to complete a project.

I have completed a variety of projects for a variety of clients over my time at the University of Winchester, giving me a wide understanding of how different companies work and what clients expect.

I work well with others, as well as working with clients to produce the best result for everybody!

## Skills

### Adobe Creative Cloud

I have participated in Photoshop, Illustrator, InDesign and Photoshop exercise workshops and picked them up quickly.

I then used them for a variety of tasks on my previous projects, website and this CV.

### Computer-Aided Design

Most of the work on my portfolio is created using Revit or 3Ds Max. I am able to use both of these softwares confidently for a variety of tasks.

I also have a very strong understanding of AutoCAD, ArchiCAD and Fusion360.

### Communication

I work well in a group and understand that a team is required to complete the task, I will make sure everyone works together to achieve the goal while showing complete consideration and respect for every member of the team.

## Hobbies

### Karate

I have achieved my 2nd Dan Black Belt in Karate. I also teach others at my club and I have recently started teaching my very own students at Uni. Karate helps me befriend acquaintances as well as giving me teaching, teamwork and self-confidence skills that has helped me greatly throughout my life.

### Writing

In my own time I find myself daydreaming, thinking up cool ideas that I love putting into stories and I'm currently writing a novel!

### Gaming

I spend alot of time on my PC that I upgrade often, playing a variety of video games. I am also extremely proud of my huge board game collection, often inviting my friends over to play, teaching me many computer and communication skills.

### Music

I have a very strange music taste that accompanies me everywhere and I frequent live music concerts. See what I mean!
