

Y3S1 BA Negotiated Design Placement Project Self-Submission Assessment Sheet

Student Name Buster Collins

Student No. _____

Date _____

	1		2.1		2.2		3		F	
	Demonstrates independent interpretation of the task and the use of a full range of relevant sources, using analysis to explain & evaluate outcomes	Practice is shaped by autonomous learning that demonstrates the relationships between knowledge & analysis derived from different contexts.	Demonstrates good comprehension of the task and synthesises learning from a range of sources	Practice is informed by evaluation and interpretation showing professionalism, ethical & ongoing personal development.	The work demonstrates relevance to the task and provides a range of responses to it.	The work is sequential and free-standing, providing a clear, evaluated and generally coherent account	Demonstrates basic relevance to the task, but provides a limited range of responses to it.	Practice is safe and abides by an externally set codes and rules	Demonstrates restricted relevance to the task, and provides few responses to it	Practice is unstructured and is not clearly communicated
1. A detailed knowledge and critical understanding of their design practice in relation to the development of interactive products as well as the component disciplines	✓									
2. The ability to undertake a critical detailed analysis both the interpretation and setting of specifications or other briefs		✓								
3. The ability to develop detailed, sophisticated concepts, storylines, characters settings, scripts and specifications for interactive products within an area of specialism			✓							
4. The ability to apply the methods and techniques that they have learned to review, consolidate, extend and apply their knowledge and understanding, and to initiate and carry out projects	✓									
5. An ability to identify and liaise with any relevant authorities to negotiate and obtain approval for their design specifications	✓									
6. The ability to provide detailed documentation of specifications and designs in appropriate formats to serve as a blueprint for product development		✓								
7. The ability to identify appropriate formats to digitise assets and deliver their designs so that others can easily implement them.		✓
